

Shared Savings Program ACO Public Reporting Instructions with Pre-Populated Template

Introduction

The purpose of this document is to provide ACOs participating in the Shared Savings Program with a public reporting template, pre-populated with ACO-specific information obtained from CMS records. Information to populate the template is obtained from ACO reported information submitted to the [Health Plan Management System](#) (HPMS). ACOs participating in the Shared Savings Program are required to publicly report ACO organizational information and performance results on a designated webpage.

Instructions

ACOs will receive a pre-populated template from CMS near the start of every performance year and shortly after performance year quality and financial reconciliation concludes. ACOs that completed the previous performance year must use the template to report that year's final financial and quality results. All ACOs must use the template to report other organizational changes as needed. At both of these junctures, each ACO must take the following steps to meet the Shared Savings Program's public reporting requirements (42 CFR 425.308):

1. Verify the pre-populated information is correct. If any of the pre-populated information is incorrect, please notify CMS by emailing SharedSavingsProgram@cms.hhs.gov. In the Subject line of your email, please include the phrase "Public Reporting Template" and your ACO ID. CMS will review and correct the template, as necessary, and re-issue it to the ACO. If you find an error with your organizational information, please correct it in [HPMS](#).
2. Provide the remaining information in the (unpopulated) highlighted fields in the template and remove the highlighting once completed.
3. Report all information on your ACO's public reporting webpage. ACOs can select one of two ways to report it. 1) Display all of the information from the completed template on the webpage using existing webpage styles (e.g., fonts, text sizes, headers). Or, 2) create a PDF of the completed template, without modifying the format, and link to it from your public reporting webpage:
 - **Remove all yellow highlighting and these instructions before displaying template content on the webpage.**
 - **Do not add data that isn't required or omit data from the template.**
4. Update information on your ACO's public reporting webpage by the stated deadline. **The deadline for reporting performance year 2016 quality and financial results and any new organizational information is Friday, December 1, 2017.** Separately, if there are any changes to your ACO's organizational information throughout the year that you are required to publicly report, ACOs must update your public reporting webpage within 30 days of the change. Please make corresponding updates in HPMS because HPMS is CMS' source for data that is made publicly available.

Your ACO's pre-populated template is included in the subsequent pages of this document.

Definitions and Notes

Finally, for ease of reference, the terms below in the public reporting template are defined as the following:

- **ACO Participant in Joint Venture:** a joint venture is when two or more persons or entities engage in a defined project in which all of the following exists: 1) an express agreement; 2) a

common purpose that the parties intend to carry out; 3) shared profits and losses related to the project; and 4) each party has a voice in controlling the project.

- ***ACO Governing Body Member Voting Power:*** governing body member voting power refers to the number of votes the member has, expressed as a percentage or number.
- ***ACO Governing Body Membership Type:*** membership types include ACO participant representative, Medicare beneficiary representative, community stakeholder representative, or other.

For your ACO participants listed in the Organizational Information section, CMS populated your ACO participants' legal business name. If the ACO participant has a doing business as (D/B/A) name and you would prefer to include it, enter it in parentheses next to the ACO participant's legal business name in the ACO participants table.
